

## Welcome To April: Maintain Peace in The Storm

Beloved, as sure as the sun still rises and sets, this storm will end. I want you to know the wind and the sea will obey the LORD! You will not sink!

Regardless of how high the waters of uncertainty are rising and threatening to capsize your faith— Let your heart not be troubled. **STAND FIRM & FIGHT THE GOOD FIGHT OF FAITH!**

In Mark 4:39 Jesus rebuked the wind but He asked the sea to be still because the wind was the source of the storm!!

- - When you know the source of the storm you are in, you will know what to rebuke!
  - Each day of this month, wake up with a 'peace be still' declaration in your heart. It Will strengthen and pull you through each day!
  - "Peace, be still" is the command that Jesus used to calm a nighttime storm on the Sea of Galilee. Use it with power and authority.
  - Each day add Peace be still to your arsenal of weapons that you can use against Covid-19
  - Peace in a storm is vitally important. If you don't have it, you can't think right; you can't decide right.
  - The Godly Peace that surpasses all understanding is actually not carnal peace. It's a mind boggling, crazy, insane peace. A Peace that looks like you don't even know what's going on!!
  - A Peace that surpasses ALL understanding means you don't respond to the circumstance or the situation that is facing you! and so beloved, I beseech you by the mercies of God, when the storm and affliction presents itself continue to abide under the shadow of the Most High. Hold on to Jesus.
  - Be fully persuaded that nothing the enemy does can abort the plan of God for our lives. Peace be still. Have no fear.

I will remember you and your family in prayer. Please remember mine too
